

CANNAE
HOLDINGS, INC.

Third Quarter 2021 Quarterly Update

Quarterly Highlights

The quarter began with the closing of Foley Trasimene Acquisition Corp.'s ("FTAC") business combination with Alight, Inc. ("Alight") on July 2, 2021.

Upon the closing, Cannae holds 50.4 Million shares of Alight (NYSE: ALIT) common shares and 8.0 Million warrants (NYSE: ALIT-W) to purchase Alight common shares. Based on closing prices at the end of the quarter, these securities had a fair value of \$603.0 Million against a cost of \$440.5 Million.

Between July 1st through July 13, 2021, Cannae repurchased 200,000 shares of its own common stock, bringing the total this year to \$96.5 Million and 2.73 Million shares, or just under 3% of previously outstanding shares. There are now 88.9 Million shares of Cannae outstanding.

On July 30, 2021, Cannae closed on the sale of certain assets and liabilities associated with the Village Inn and Bakers Square brands for \$13.5 Million, representing the Company's exit from the Village Inn and Baker's Square restaurant brands.

Cannae invested \$32 Million in Sightline Payments ("Sightline") earlier this year and a further \$240 Million in August 2021, to lead another funding round that values the company at more than \$1 Billion, post-money. With this addition, Cannae owns approximately 33% of Sightline.

On September 1, 2021, Cannae closed on the sale of its interests in the development at Rock Creek, Idaho, for approximately \$43 Million.

Cannae sold 1 Million shares of Ceridian HCM Holdings, Inc. ("Ceridian" or "CDAY") during September 2021, under a covered call arrangement, generating \$2.6 Million of option income and \$100.0 Million of gross proceeds. Cannae also sold another 1 Million shares on October 21st for gross proceeds of \$125.8 Million. Combined, these transactions comprise a blended return of over 18x Cannae's pre-IPO investment. Following this transaction, Cannae holds 10.0 Million shares of CDAY with a market value of \$1.2 Billion as of November 8, 2021.

Fellow Shareholders,

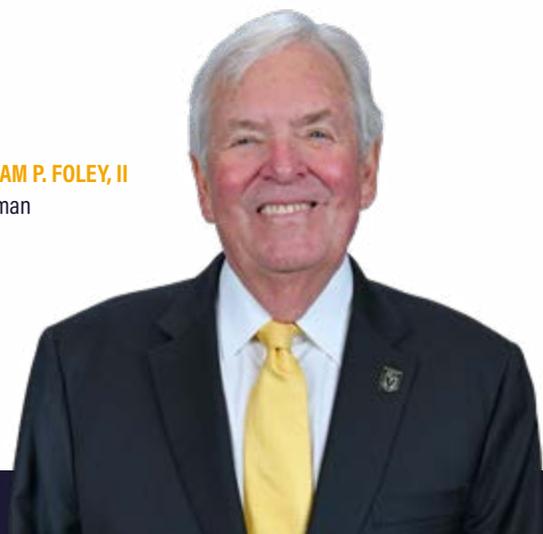

Our largest deployment of cash this quarter was our investment in Sightline Payments. Just as "ticket-in, ticket-out" represented a watershed event in the slot machine industry, Sightline Payments' Play+ application is positioned to do the same for cashless gaming within casinos. Sightline Payments is the premier provider of cashless payment solutions to the online and physical gaming markets. Its solutions include cashless payment methods for slot machines and table games in physical casinos, and funding methods for iCasinos and online sports betting—all within a highly regulated industry.

The new Resorts World Casino in Las Vegas opened using Sightline's Play+ cashless technology. The platform is currently in various stages of testing and deployment in additional major Las Vegas strip casinos and other gaming destinations around the United States. We have high expectations for Sightline's growth and performance and are excited to be partnered with Omer and his team.

I am also thrilled our Alight transaction closed in early Q3 and has performed well in the aftermarket. Alight is a true industry utility, providing the premier employee engagement platform to both the Fortune 100 and 500, and a growing number of middle market enterprises. Stephan and his team have been executing ahead of plan on their BPaaS transformation and have identified compelling tuck-in acquisitions as well.

Cannae's stock has been trading at a significant discount to its intrinsic value. We have addressed the issue this year by returning cash to our shareholders via buybacks and selective conversion of assets to cash. During this year, Cannae repurchased nearly 3% of the outstanding shares, returning almost \$100 Million to our shareholders.

WILLIAM P. FOLEY, II
Chairman

Further, our team has continued to convert non-core assets to cash that we can use for further investments and return cash to our shareholders through share repurchases. Year-to-date, Cannae has sold three brands associated with the restaurant group, two real estate investments, financial services investments, and debt investments for total proceeds of more than \$100 Million. Our six core portfolio holdings (DNB, CDAY, PSFE, ALIT, Optimal Blue, and Sightline Payments) account for 82% of total assets of Cannae (excluding cash).

Looking ahead to Q4, we are working towards closing on Trebia Acquisition Corp's merger with System1. We expect this transaction to close early in 2022.

System1's best-in-class technology, high growth and margins, and nimble business model differentiates it amongst its digital marketing peers, and I am looking forward to sharing their growth with you as we move towards closing.

We are actively looking for targets for Austerlitz II and are hopeful we will have a transaction to announce in 2022.

We will continue to pursue a disciplined investment strategy focused on industry utilities where we can improve profitability, add value to management's existing efforts, and identify value-enhancing M&A transactions. I expect the continued transparency around, and simplification of, our story will both help close the discount in our stock price and drive NAV even higher.

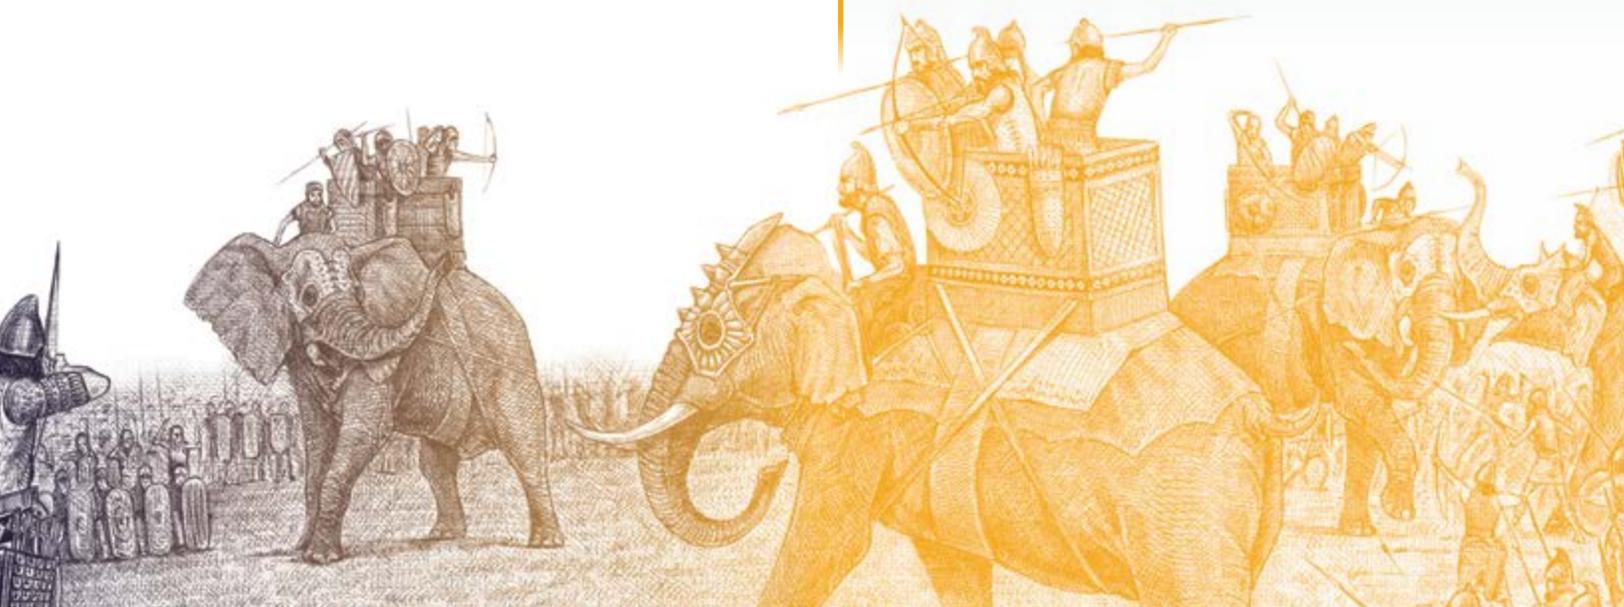

WILLIAM P. FOLEY, II
Chairman

The Company completed the sale of certain assets of Legendary Baking in September 2021, including its primary production facility and certain intellectual property. After the winding down of retained items, the transaction is expected to net more than \$13 Million, including amounts received in October 2021, for the sale of its Oak Forest facility.

In October 2021, Capital One announced its agreement to acquire Triple Tree, LLC ("Triple Tree") in a transaction expected to close in the fourth quarter of 2021. Cannae first invested \$18.6 Million in Triple Tree in 2012 and has since received over \$9.2 Million of cash distributions. At the close of the quarter, Cannae holds approximately 31% of Triple Tree's equity. As currently structured, Cannae will receive a portion of the purchase price before the end of the year with additional amounts in Q1 2022, and future earnout potential.

Total Cannae shareholder equity was \$3.5 Billion, or \$39.31 per share, as of September 30, 2021, compared to \$3.3 Billion, or \$35.55 per share, at September 30, 2020.

As of November 8, 2021, Cannae has approximately \$81 Million in corporate cash plus undrawn capacity of \$500 Million from its margin loan and \$100 Million from its revolver.

SELECT PORTFOLIO UPDATES

DUN AND BRADSTREET HOLDINGS, INC. (NYSE: DNB)

<i>(In Millions) (Unaudited)</i>	<i>Three Months Ended September 30,</i>	
	2021	2020
Total revenues	\$ 541.9	\$ 444.4
Net earnings (loss)	\$ 16.6	\$ (16.3)
Adjusted EBITDA	\$ 220.4	\$ 196.3

Cannae now holds 68.1 Million shares of Dun and Bradstreet Holdings, Inc. ("D&B" or "DNB"), or approximately 16% of total equity, which had a fair value at quarter-end of \$1.1 Billion. While this is down from the prior year period, the per share value represents a 2.2x return on our pre-IPO investment and a blended return of 1.7x on our total cash invested of \$659.7 Million.

In the third quarter of 2021, DNB grew revenues 21.9% and Adjusted EBITDA by 12.3%, both as compared to the year-ago third quarter. Organic revenue growth was 3.7%, driven by mid single-digit growth in international and low single-digit growth in North America. Looking forward, we expect DNB will continue to ramp in new business growth through the remainder of 2021 and into 2022.

CERIDIAN

CERIDIAN HCM HOLDINGS, INC. (NYSE: CDAY)

In September, Ceridian was one of three companies added to the S&P 500 index, acknowledging their significant growth and best-in-class leaders at the helm. While we have high expectations for CDAY's share price and go-forward valuation, we have continued judiciously trimming our position, selling 1.0 Million shares in September at \$100.00 per share and a further 1.0 Million shares in October for \$125.75. The proceeds from these sales represents a gross return on money of 16.5x and 20.8x, respectively. Cannae now holds 10.0 Million shares of CDAY, or approximately 7% of Ceridian, worth \$1.2 Billion as of November 8, 2021.

ALIGHT, INC. (NYSE: ALIT)

<i>(In Millions) (Unaudited)</i>	<i>Three Months Ended June 30,</i>	
	2021	2020
Total revenues	\$ 671.6	\$ 646.7
Net loss	\$ (4.2)	\$ (24.7)
Adjusted EBITDA	\$ 144.9	\$ 135.6

Cannae reports its equity in earnings of Alight on a one-quarter lag from ALIT's public filings, and accordingly the table above presents the results for the quarters ended June 30, 2021, and 2020.

Alight completed its business combination with FTAC on July 2, 2021. Cannae initially invested as a member of the FTAC sponsor group, acquiring founder shares and warrants and entered into a \$150 Million forward purchase agreement with FTAC. In conjunction with FTAC's business combination, Cannae also funded \$250 Million of the PIPE agreement announced in January and acquired additional shares from redeeming shareholders. Cannae's total investment in Alight is \$440.5 Million and holds 50.4 Million ALIT common shares and 8.0 Million warrants to purchase ALIT common shares, directly and indirectly through the FTAC Sponsor. Cannae's cost per ALIT common share is \$8.65, excluding the cost of the warrants. As of the quarter-end, the aggregate value of these securities was approximately \$603.0 Million.

We are very excited about the future of Alight, as it continues to expand its offerings and customer base. The company announced agreements to acquire Sweden's Benify in July, launching Alight Global Benefits, and followed that with an August agreement to acquire ConsumerMedical. Alight's cloud-based technology allows rapid, personalized deployment of new products. The company has completed 9 acquisitions over the past 4 years and will continue to build, buy, and partner to expand on this significant competitive advantage.

Alight added Navistar and Sartorius to the new client roster in the second quarter, and won a significant new project to improve HR and payroll processes at ABN AMRO at the close of the third. Their customer base is a major strategic advantage: Alight serves over half of the Fortune 500 and serves 30 Million employees and family members today, with that number going to an estimated 36 Million once the Federal Thrift program goes live next year. That moat around their business is one of the many things we like about Alight.

PAYSAFE LIMITED (NYSE: PSFE)

(In Millions) (Unaudited)	Three Months Ended June 30,			
	2021		2020	
Total revenues	\$	384.3	\$	341.0
Net earnings (loss)	\$	6.8	\$	(15.8)
Adjusted EBITDA	\$	118.8	\$	110.4

Cannae reports its equity in earnings of Paysafe on a one-quarter lag, from PSFE's public filings, and accordingly the table above presents the results for the quarters ended June 30, 2021, and 2020.

During the second quarter, Paysafe demonstrated strong momentum in North American iGaming, including 48% revenue growth, and advanced its pilot of the enhanced Skrill digital wallet for U.S. iGaming. Paysafe also announced several wins across digital commerce verticals including digital goods, crypto, financial services, and travel.

In August 2021, Paysafe announced three acquisitions, PagoEfectivo, SafetyPay, and viafintech, enhancing its position as a market leader for eCash and open banking solutions.

The book value of our investment in Paysafe common stock as of September 30, 2021 was \$810.6 Million prior to any impairment. The book value comprises \$491.9 million of net cash invested (without attribution to costs of warrants) and \$318.7 Million related to the fair value of the Company's FPA and PIPE subscription agreements immediately prior to the close of the business combination, and our ratable portion of Paysafe's second quarter earnings. Based on quoted market prices, the aggregate value of our ownership of Paysafe common stock was \$418.8 million as of September 30, 2021. Due primarily to the quantum of the decrease in the fair market value of our investment, management determined the decrease in value of our investment in Paysafe was other-than-temporary. Accordingly, we recorded an impairment of \$391.8 million in the three months ended September 30, 2021 which is included in Recognized (losses) gains, net, on our Condensed Consolidated Statement of Operations.

Paysafe is scheduled to release their third quarter 2021 results on November 11, 2021.

OPTIMAL BLUE (PRIVATE)

(In Millions) (Unaudited)	Three Months Ended September 30,			
	2021		2020	
Total revenues	\$	46.4	\$	37.2
Net loss	\$	(17.6)	\$	(4.3)
Adjusted EBITDA	\$	26.3	\$	16.3

Note: Cannae made its investment in Optimal Blue on September 15, 2020. Financial information for the three months ended September 30, 2020, is presented for comparative purposes.

In the third quarter, Optimal Blue continued its momentum, rolling out new products and integrating products. From a new product perspective, new functionality was rolled out to allow pricing on construction lending. From an integration perspective, work continued on Empower correspondent channel integrations and work was completed with the LoanCatcher integration. During Q3, work also began on the development of a next generation hedge platform leveraging Resitrader and CompassPoint's engines to bring the best of both CompassPoint and Optimal Blue's Secondary Services platforms together in a brand new cloud-based platform. Optimal Blue's hedge products allow a lender to hedge the interest rate risk between locking a loan and closing the loan.

SIGHTLINE PAYMENTS (PRIVATE)

In the third quarter of 2021, Cannae invested \$240.0 Million in Sightline Payments to increase its ownership in Sightline from 5% to approximately 33%.

In the third quarter of 2021, Sightline continued to grow its customer base, signing deals with Parx Casinos and Ute Mountain tribe for their cashless casino products. The company is in negotiations with five large casino groups in the U.S. On the digital side of Sightline's business, the company signed deals with 888 Digital, Bally Bet, FUBU Gaming, and Esports Entertainment Group.

AUSTERLITZ ACQUISITION CORPORATION I (NYSE: AUS)

On March 2, 2021, Austerlitz Acquisition Corporation I (NYSE: AUS, AUS WS) ("Austerlitz I" or "AUS") closed on its upsized IPO with the underwriters exercising their full over-allotment, raising gross proceeds of \$690 Million. As part of the Sponsor group, Cannae invested \$1.6 Million for 1.1 Million AUS private placement warrants and an economic interest of approximately 10% in the AUS Sponsor.

On May 10, 2021, AUS and Wynn Interactive, Ltd. ("Wynn") announced that they entered into a definitive agreement and plan of merger. The transaction reflects an implied pro-forma enterprise value for Wynn of approximately \$3.2 Billion. In conjunction with the Wynn transaction, Cannae and Austerlitz I announced a mutual agreement to terminate the previously announced \$50 Million forward purchase agreement, in which Cannae agreed to purchase, immediately prior to the closing of the AUS' initial business combination transaction, an aggregate of 5 Million Austerlitz I Class A ordinary shares and 1.25 Million Austerlitz I public warrants. Cannae retained 1.1 Million founder shares.

Separately, Cannae agreed to subscribe for Austerlitz I Class A ordinary shares in order to fund redemptions by shareholders of Austerlitz I in connection with the Wynn transaction, in an amount of up to \$690 Million for a placement fee of approximately \$3.5 Million.

On June 24, 2021, AUS filed a preliminary registration statement with the United States Securities and Exchange Commission ("SEC") for the Wynn transaction.

SYSTEM1

TREBIA ACQUISITION CORPORATION (NYSE: TREB)

As a member of the founder group, Cannae invested \$1.9 Million in Trebia Acquisition Corp. (NYSE: TREB) ("Trebia") for founder shares and private placement warrants. On June 29, 2021, Trebia and System1 LLC ("System1"), a leading omnichannel customer acquisition marketing platform, announced that they entered into a definitive agreement and plan of merger ("S1 Merger"). The transaction reflects an implied pro-forma enterprise value for System1 of approximately \$1.4 Billion.

System1 combines best-in-class technology and data science to operate the Responsive Acquisition Marketing Platform (RAMP). System1's RAMP is omnichannel and omnivertical, and built for a privacy-centric world. RAMP enables the building of powerful brands across multiple consumer verticals, the development and growth of a suite of privacy-focused products, and the delivery of high-intent customers to advertising partners. For more information, visit www.system1.com.

As part of the S1 Merger, Cannae announced a mutual agreement to terminate the previously announced \$75 Million forward purchase agreement, in which Cannae agreed to purchase, immediately prior to the closing of Trebia's initial business combination transaction, an aggregate of 7.5 Million Trebia Class A ordinary shares and 2.5 Million Trebia warrants. Cannae also agreed to an equity backstop commitment of up to \$200 Million in the combined company, with 50% of this commitment being applied against the first \$200 Million of Trebia stockholder potential future redemptions, and the next \$100 Million applied against Trebia stockholder potential future redemptions beyond \$200 Million, if any. Cannae retained 1.5 Million founder shares as well as 0.2 Million deferred founder shares subject to a \$12.50 per share vesting price. Cannae earns additional founder shares if backstops exceed \$75 Million.

On November 2, 2021, Trebia filed an amended registration statement on Form S-4 with the SEC presenting combined results for the comparative six months ended June 30, 2021, and 2020. Trebia expects the transaction to close early in 2022.

Use of Non-GAAP Financial Information

Generally Accepted Accounting Principles (GAAP) is the term used to refer to the standard framework of guidelines for financial accounting. GAAP includes the standards, conventions, and rules accountants follow in recording and summarizing transactions and in the preparation of financial statements. In addition to reporting financial results in accordance with GAAP, the Company has provided non-GAAP financial measures for certain investments which we believe provides useful information to investors and ratings agencies regarding our affiliates' results, operating trends and performance between periods.

We define our consolidated Adjusted EBITDA as net income (loss) before interest, taxes, depreciation, and amortization, as adjusted to exclude non-cash gains and impairment charges. We present our consolidated Adjusted EBITDA because we believe it provides management and investors with meaningful information about the non-cash results of the Company.

Dun & Bradstreet

D&B's non-GAAP measures include adjusted earnings before interest, taxes, and depreciation and amortization (adjusted EBITDA). Adjusted results are non-GAAP measures that adjust for the impact due to purchase accounting application and divestitures, restructuring charges, equity-based compensation, acquisition and divestiture-related costs (such as costs for bankers, legal fees, due diligence, retention payments and contingent consideration adjustments), and other non-core gains and charges that are not in the normal course of our business (such as gains and losses on sales of businesses, impairment charges, effect of significant changes in tax laws, and material tax and legal settlements).

We present D&B's adjusted EBITDA because D&B believes that these supplemental non-GAAP financial measures provides useful information to investors and rating agencies regarding its results, operating trends, and performance between periods. D&B management regularly uses these supplemental non-GAAP financial measures internally to understand, manage, and evaluate its business and make operating decisions. These non-GAAP measures are among the factors D&B management uses in planning for and forecasting future periods. Non-GAAP financial measures should be viewed in addition to, and not as an alternative to, D&B's reported results prepared in accordance with GAAP.

D&B's adjusted EBITDA is defined as net income or loss excluding the following items: (i) depreciation and amortization; (ii) interest expense and income; (iii) income tax benefit or provision; (iv) other expenses or income; (v) equity in net income of affiliates; (vi) net income attributable to noncontrolling interests; (vii) dividends allocated to preferred stockholders; (viii) other incremental or reduced expenses from the application of purchase accounting (e.g. commission asset amortization); (ix) equity-based compensation; (x) restructuring charges; (xi) merger and acquisition-related operating costs; (xii) transition costs primarily consisting of non-recurring incentive expenses associated with D&B's synergy program; (xiii) legal reserve and costs associated with significant legal and regulatory matters; and (xiv) asset impairment. D&B excludes amortization of recognized intangible assets resulting from the application of purchase accounting because it is non-cash and not indicative of its ongoing and underlying operating performance. Recognized intangible assets arise from acquisitions, or primarily D&B's accounting for its privatization in 2019. D&B believes that recognized intangible assets by their nature are fundamentally different from other depreciating assets that are replaced on a predictable operating cycle. Unlike other depreciating assets, such as developed and purchased software licenses or property and equipment, there is no replacement cost once these recognized intangible assets expire and the assets are not replaced. Additionally, D&B's costs to operate, maintain and extend the life of acquired intangible assets and purchased intellectual property are reflected in its operating costs as personnel, data fee, facilities, overhead, and similar items. Management believes it is important for investors to understand that such intangible assets were recorded as part of purchase accounting and contribute to revenue generation. Amortization of recognized intangible assets will recur in future periods until such assets have been fully amortized.

Alight

Alight's Adjusted EBITDA, defined as earnings before interest, taxes, depreciation, and intangible amortization adjusted for the impact of certain non-cash and other items that it does not consider in the evaluation of ongoing operational performance, is a non-GAAP financial measure used by management and Alight stakeholders to provide useful supplemental information that enables a better comparison of our performance across periods. We believe Alight's Adjusted EBITDA provides visibility to its underlying operating performance by excluding the impact of certain items, including interest expense, income

taxes, depreciation of fixed assets, amortization of intangible assets, share-based compensation, expenses related to restructuring and integration plans, and other adjustments, because management does not believe these expenses are representative of Alight's core earnings.

Paysafe

Paysafe's Adjusted EBITDA is defined as net income (loss) before the impact of income tax (benefit) expense, interest expense, net, depreciation and amortization, share-based compensation, impairment expense on intangible assets, restructuring and other costs, loss (gain) on disposal of subsidiaries and other assets, net, and other income (expense), net. These adjustments also include certain costs and transaction items that are not reflective of the underlying operating performance of Paysafe. Adjusted EBITDA margin is defined as Adjusted EBITDA as a percentage of Revenue. Management believes Adjusted EBITDA to be a useful profitability measure to assess the performance of our businesses and improves the comparability of operating results across reporting periods.

Management believes the presentation of Paysafe's non-GAAP Adjusted EBITDA and Adjusted EBITDA margin provide users with useful supplemental information in comparing the operating results across reporting periods by excluding items that are not considered indicative of Paysafe's core operating performance. In addition, management believes the presentation of Paysafe's non-GAAP financial measures provides useful supplemental information in assessing its results on a basis that fosters comparability across periods by excluding the impact on Paysafe's reported GAAP results of acquisitions and dispositions that have occurred in such periods. However, these non-GAAP measures exclude items that are significant in understanding and assessing Paysafe's financial results or position. Therefore, these measures should not be considered in isolation or as alternatives to revenue, net income, cash flows from operations, or other measures of profitability, liquidity, or performance under GAAP.

Optimal Blue

We include Optimal Blue and its predecessor entities' Adjusted EBITDA, a non-GAAP financial measure, in this release. Adjusted EBITDA is used by management to assess performance of Optimal Blue. Optimal Blue's Adjusted EBITDA is defined as net income or loss before interest, taxes, depreciation, and amortization, as adjusted to exclude, non-recurring transaction and integration costs related to Black Knight's acquisition of Optimal Blue and Optimal Blue's predecessor entity's historical acquisitions, equity-based compensation expense, historical non-recurring expenses of Optimal Blue's predecessor entities, and management consulting fees paid by Optimal Blue's predecessor entities to certain of its previous equity holders. Management believes that Adjusted EBITDA is helpful in highlighting the performance trends of Optimal Blue because it excludes non-cash costs and the results of decisions that are outside the normal course of Optimal Blue's ongoing business operations.

All of the above non-GAAP measures have important limitations as analytical tools and should be considered in context with the GAAP financial presentation and should be viewed in addition to, and not be considered in isolation or as a substitute for analysis of, results reported in accordance with GAAP. Further, our and our affiliate's non-GAAP measures may be calculated differently from similarly-titled measures of other companies in their respective industries. Reconciliations of these non-GAAP measures to related GAAP measures are provided below.

Dun & Bradstreet

Cannae accounts for its investment in D&B using the equity method of accounting; therefore, its results do not consolidate into the Company's. As prescribed by relevant accounting standards, the Company recognizes its proportionate share of D&B's net earnings or loss in earnings (loss) from equity investees in our consolidated results of operations.

See the Company's Annual Report on Form 10-K for further information on the Company's accounting for its investments in D&B.

Further information on Dun & Bradstreet's (NYSE: DNB) financial results can be found in its filings with the SEC and on its investor relations website at <http://investor.dnb.com>.

D&B Adjusted EBITDA Reconciliation

(In Millions) (Unaudited)

<i>Three Months Ended September 30,</i>	2021	2020
Net income (loss) attributable to D&B	\$ 16.6	\$ (16.3)

Transition costs	1.7	4.4
Legal expense associated with significant legal and regulatory matters	0.5	—
Asset impairments	0.1	0.3
Adjusted EBITDA	\$ 220.4	\$ 196.3

Alight

Cannae accounts for its investment in Alight using the equity method of accounting; therefore, its results do not consolidate into the Company's. As prescribed by relevant accounting standards, the Company recognizes its proportionate share of Alight's net earnings or loss in earnings (loss) from equity investees in our consolidated results of operations.

The Company acquired its interest in Alight on July 2, 2021, and reports its results on a three-month lag. Accordingly, our result of operations for the three and nine months ended September 30, 2021, do not include any results of Alight. The information below for the three months ended June 30, 2021, is presented for informational purposes only. See the Company's Quarterly Reports on Form 10-Q for further information on the Company's accounting for its investments in Alight.

Further information on Alight's (NYSE: ALIT) financial results can be found in its filings with the SEC and on its investor relations website at <http://investor.alight.com>.

Alight Adjusted EBITDA Reconciliation

(In Millions) (Unaudited)

<i>Three Months Ended June 30,</i>		2021		2020
Net Income	\$	(4.2)	\$	(24.7)
Interest expense, net		61.5		53.3
Income taxes		(2.2)		(5.0)
Depreciation and amortization		74.6		72.8
EBITDA		129.6		96.4
Share-based compensation		2.8		1.5
Non-recurring professional expenses (1)		8.6		—
Transformation initiatives (2)		—		7.6
Restructuring		2.5		21.7
Other (3)		1.4		8.4
Adjusted EBITDA	\$	144.9	\$	135.6

(1) Non-recurring professional expenses primarily includes external advisor costs related to Alight's merger with Foley Trasimene Acquisition Corporation completed on July 2, 2021.

(2) Transformation initiatives in fiscal year 2020 includes expenses related to enhancing our data center.

(3) Other primarily includes long-term incentive expenses and expenses related to acquisitions in fiscal year 2020.

Paysafe Limited

Cannae accounts for its investment in Paysafe using the equity method of accounting; therefore, its results do not consolidate into the Company's. As prescribed by relevant accounting standards, the Company recognizes its proportionate share of Paysafe's net earnings or loss in earnings (loss) from equity investees in our consolidated results of operations.

The Company acquired its interest in Paysafe on March 30, 2021, and reports its results on a three-month lag. Accordingly, our results of operations for the three and nine months ended September 30, 2021, include the results of Paysafe for the three months ended June 30, 2021. Information for the three months ended June 30, 2020, is presented for comparative purposes. See the Company's Quarterly Reports on Form 10-Q for further information on the Company's accounting for its investments in Paysafe.

Further information on Paysafe's (NYSE: PSFE) financial results can be found in its filings with the SEC and on its investor relations website at <http://ir.paysafe.com>.

Paysafe Limited Adjusted EBITDA Reconciliation

(In Millions) (Unaudited)

<i>Three Months Ended June 30,</i>		2021		2020
Net income (loss)	\$	6.8	\$	(15.8)
Interest expense, net		62.7		42.5
Income tax expense (benefit)		16.7		(2.7)
Depreciation and amortization		70.1		67.5
Share-based compensation		3.3		—
Impairment expense on intangible assets		1.3		5.0
Restructuring and other costs		4.5		4.4
Other (income) expense, net		(46.6)		9.5
Adjusted EBITDA	\$	118.8	\$	110.4

Optimal Blue

Cannae accounts for its investment in Optimal Blue using the equity method of accounting; therefore, its results do not consolidate into the Company's. As prescribed by relevant accounting standards, the Company recognizes its proportionate share of Optimal Blue's net earnings or loss in earnings (loss) from equity investees in our consolidated results of operations.

We acquired our initial interest in Optimal Blue on September 15, 2020. Accordingly, our earnings (loss) from equity investees for the three months ended September 30, 2020, includes our ratable share of Optimal Blue's net loss for the period from September 15, 2020, to September 30, 2020. Financial information for the three months ended September 30, 2020, represents the historical information of Optimal Blue, LLC and Compass Analytics, LLC, the operating businesses which now make up the entity in which we are invested in, and is presented for comparative purposes.

See the Company's Annual Report on Form 10-K for further information on the Company's accounting for its investment in Optimal Blue.

Optimal Blue Adjusted EBITDA Reconciliation

Management fees		—		0.1
Adjusted EBITDA	\$	26.3	\$	16.3

About Cannae Holdings, Inc.

Cannae Holdings, Inc. (NYSE: CNNE) is engaged in actively managing and operating a group of companies and investments, as well as making additional majority and minority equity portfolio investments in businesses. Cannae's current principal holdings include Dun & Bradstreet Holdings, Inc. (NYSE: DNB), in which Cannae holds 68 Million shares of DNB, or an approximately 16% interest. Cannae's second principal holding is Ceridian (NYSE: CDAY), in which Cannae owns 10 Million shares representing an approximately 7% interest. Cannae also holds approximately 54 Million shares, or approximately 8% of Paysafe (NYSE: PSFE), as well as 8.1 Million Paysafe warrants. Cannae holds approximately 50 Million shares, or approximately 10%, of Alight, Inc (NYSE: ALIT), as well as 8 Million Alight warrants. Cannae's other principal holdings include Optimal Blue and Sightline Payments, of which Cannae owns approximately 20% and 33%, respectively.

Forward-Looking Statements and Risk Factors

This document contains forward-looking statements that involve a number of risks and uncertainties. Statements that are not historical facts, including statements regarding our expectations, hopes, intentions, or strategies regarding the future are forward-looking statements. Forward-looking statements are based on management's beliefs, as well as assumptions made by, and information currently available to, management. Because such statements are based on expectations as to future financial and operating results and are not statements of fact, actual results may differ materially from those projected. We undertake no obligation to update any forward-looking statements, whether as a result of new information, future events, or otherwise. The risks and uncertainties which forward-looking statements are subject to

include, but are not limited to: changes in general economic, business and political conditions, changes in the financial markets, and changes in the conditions resulting from the outbreak of a pandemic, such as the novel COVID-19; the overall impact of the outbreak of COVID-19 and measures to curb its spread, including the effect of governmental or voluntary mitigation measures such as business shutdowns, social distancing, and stay-at-home orders; our potential inability to find suitable acquisition candidates, acquisitions in lines of business that will not necessarily be limited to our traditional areas of focus, or difficulties in integrating acquisitions; significant competition that our operating subsidiaries face; compliance with extensive government regulation of our operating subsidiaries; risks associated with our split-off from Fidelity National Financial, Inc., the Investment Company Act of 1940; and, risks and uncertainties related to the success of our externalization.

This document should be read in conjunction with the risks detailed in the "Statement Regarding Forward-Looking Information," "Risk Factors," and other sections of the Company's Annual Report on Form 10-K, Quarterly Reports on Form 10-Q, and other filings with the Securities and Exchange Commission.
